**Subject:** RE: Notice and Demand

Julie,

Of our total of 131 cases, 19 have required courthouse/testimony time. One analyst per case has been needed for our cases. Two Middlesex County cases required an analyst to travel to your neck of the woods- I do not know how many other analysts from Jamaica Plain were called in for those 2 cases.

Total laboratory time has accumulated to 186.5 hours of work for preparation, courthouse, and travel. Courthouse/travel time is 90.5 hours. Preparation time is 96 hours.

Sharon

**Importance:** High

Is it possible to get updated subpoena stats including how many cases have required testimony and how many analysts per case? If data are current in the computer application, this should be easier to determine.

Thanks, Julie

**Subject:** Notice and Demand

The hearing on this bill is scheduled for Thursday at 1:00. The Secretary will be testifying on behalf of the administration. Can you get me updated subpoena stats before then?

Thanks.

JAG
